## Overview & Goals

The purpose of this hospitality rider is to ensure the following three things:

1. That the artist has every tool needed to ensure that he can minister to the best of his capacity.
2. That the venue can remove the additional distraction caused by the artist having to track down and purchase each of these items.
3. To ensure that the venues that enquire about the artists ministry are serious about their inquiries.

*Artist Note: As I review this Hospitality Rider I am to a degree saddened by its necessity. After all, I can't imagine the Apostle Paul asking the church at Ephesus to provide two hot meals and access to coffee upon his arrival. That said, I also cannot imagine any of the churches that Paul ministered to intentionally placing him in some of the inhospitable situations that I have found myself in over the last several years of ministering to the body of Christ. In fact, Paul bragged that the early church gave according to their means and "in extreme poverty have overflowed in a wealth of generosity on their part". Through this hospitality rider, I am making known the basic needs that I have when traveling to and from churches and venues with the hope that serious inquirers will be happy to provide these things. If for some reason these items seem to be excessive or inaccessible to you, please reach out to my management team to see what accommodations can be made. My heart is that the ministry of the Gospel be placed at the forefront, and I hope that these requests can be received in that spirit.*

*In Christ,*

*Zacharias Wray*

## My Hospitality Rider

The following must be provided to the artist free of charge:

- Two (2) hot, healthy meals or dinner buyouts for the artist and party (\$20 per person, per meal for the buyout)
- 1 case of bottled water
- Access to coffee and flavored creamer (Both at hotel and venue)
- 1 bag of Halls cough drops (Citrus flavored preferred)

Allergies/Dietary Restrictions: None
